### Data Sources:

Ireland TSO (Transmission-Connected) Wind: EirGrid. Last updated for the end of Aug-2023.

Ireland DSO (Distribution-Connected/Energised) Wind: ESB Networks. Last updated for the end of Dec-2022.

Northern Ireland TSO & DSO (Transmission & Distribution-Connected) Wind: SONI & NIE. Last updated for the end of Dec-2022.

NI DSO historical data prior to 2021 currently unavailable.

### Notes:

1. The figures are updated with the best information available at the time of publication.

These Figures may be revised in the future based on the latest updates from our various data sources.

2. Ireland's DSO-connected wind "Installed Capacities" are currently unavailable.

MEC "Maximum Export Capacity" values used instead.
