

D-Code

Nov 2007

D-Code

- Exists but is interim
- Changes interface from SONI to NIE
- Maintains the old MW limits (2MW and 5MW)
- Otherwise for interim refers to and incorporates relevant parts of SONI's Grid Code
- Establishes a D-Code review panel

Next Steps

- NIE to prepare development options assessment and programme
- Call a D-Code meeting to consult on process with the panel and recommend that to the Regulator
- Work on issues and drafts
 - Liase with specialist representatives from the panel to help with drafts as necessary
- D-Code panel meets as necessary
- Intended submission to Regulator late in 2008

Representation

- Constituency representation
- Suggest that IWEA is the point of contact for NIE to seek representation of this sector
