

## Clarification of OSC Consultation Paper 2013-14

Reference to OSC Consultation Paper 2013-14, an error was made in populating Table 4.1 and the Trip MW Loss Threshold should have been reduced to 20MW for tariff year 2013-2014 as stated in Section 2.2 of the Consultation paper.

Please note that this proposal is dependent on the decision from the consultation process.

The Table 4.1 should read as follows:

### 4.1 TRIP CHARGES

The following tables propose the Trip Charges and Constants for the 2013/2014 tariff year. As seen in Table 4.1 there is only one change in Trip MW Loss Threshold from 100 MW to 20 MW. There are no other changes to the proposed charges compared with the previous tariff year other than increasing in line with the agreed inflation rate.

Please note that the Trip MW Loss Threshold proposal is dependent on the decision from the consultation process.
