Dear MarieTherese

**RE: DSU Grid Code Modifications**

I refer to your correspondence to the Utility Regulator of 6 February 2015, seeking approval of Grid Code modifications resulting from:-

- November 2014 Consultation
- May 2013 Consultation
- Submission of individual grid codes modification forms on 16<sup>th</sup> and 29<sup>th</sup> of April 2015

The Utility Regulator has reviewed the SONI submissions, the industry responses, and all additional information.

The Utility Regulator is satisfied that SONI has recommended these modifications for approval in accordance with the relevant provisions set out in the Grid Code and that the views of stakeholders have been adequately considered. It is noted that a number of these modifications are already approved in ROI and the Utility Regulator approves the following

(2)

modifications proposed and directs SONI to revise the Grid Code which shall be deemed to be amended accordingly from the date of this letter,

1. Performance Monitoring. ( November 2014 Consultation)

This approval is subject to a review by the TSO, of the accuracy, appropriateness, and susceptibility to gaming of the performance monitoring methodology, as a result of the implementation. The TSO shall submit a report to the Utility Regulator on the results of this review by 05 April 2017.

Yours sincerely
