

REGISTRATION - East West Interconnector Trading Launch

EirGrid is holding trading launches to provide companies with information on how to trade on the Interconnector. In order to facilitate Customer attendance, we are holding a launch in Dublin and London. Both launches will take the same format and provide the same information. Details as follows:

- London - Tuesday 29th May 2012 in the **Harvey Goodwin Suite, Church House Conference Centre, Westminster, London** www.churchhouseconf.co.uk
- Dublin - Tuesday 12th June in **Aviva Stadium, Ballsbridge, Dublin 4** <http://www.avivastadium.ie/>

The East West Interconnector is a 500 MW regulated HVDC link which will provide an increased opportunity to market participants to trade electricity between the Single Electricity Market (SEM) on the island of Ireland and British Electricity Trading and Transmission Arrangements (BETTA) market in Great Britain. The East West Interconnector is scheduled to be operational in Q3 2012.

Agenda:

- 09:30 Conference Sign-in
- 10:00 Introduction
- 10:05 East West Interconnector Update
